Data sheet

HP Prime Graphing Calculator (G8X92AA)

Touch-enabled. Full color. Revolutionary functionality.

The calculator you'll want to hold on to

Say hello to the evolution of handheld calculating in a sleek, slim, brushed metal design that looks great and performs even better. Keep the calculator protected when it's not in use with a slide-on cover.

Enjoy a feature-rich calculating experience with familiar HP keypad and a large 3.5-inch diagonal, multi-touch display.

Powerful applications

We don't stop at hardware. You also get an integrated tool suite. HP Equation Writer supports multiple linear and non-linear equation solving. HP Solve is time-saving application that allows you to store equations and solve for variables.

Explore math concepts with Dynamic Geometry, CAS and spreadsheet applications. Easily switch between symbolic, graphical, and numerical table views of any mathematical expression with dedicated buttons.

With the Advanced Graphing app, you can plot what other calculators cannot. Graph virtually anything in X and Y including inequalities and conic sections by simply entering the expression and pressing plot.

Save time and keystrokes with RPN and programmable functions, and see intermediate results while you work.

Turn the calculator into a customizable testing tool with exam mode configuration that makes only pre-approved functions available.

Designed to keep you up and running

Be productive longer with the lithium-ion rechargeable battery. When you need to charge up, the convertible charger works with the USB connection on your PC or a standard AC wall plug.

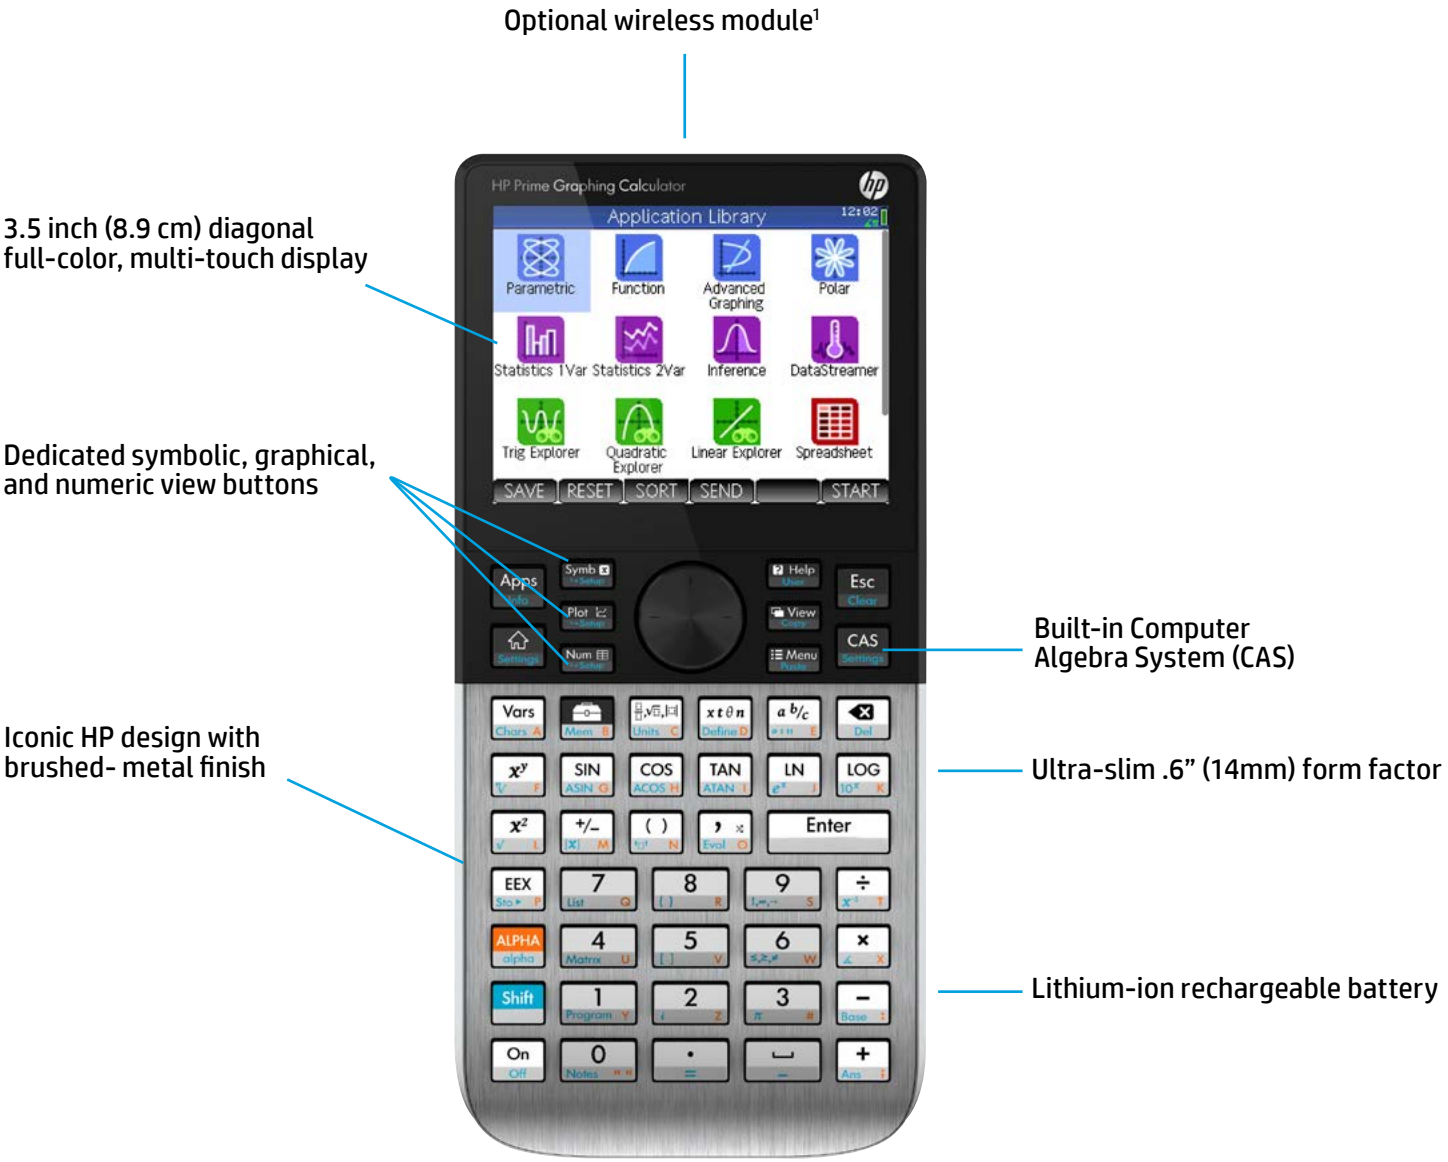
Wireless connectivity + HP software = a smart solution

The HP Prime Wireless Kit[1] and the HP Connectivity Kit allow you to connect to a PC. Using this formative assessment bundle, teachers can conduct student polls, push exam-mode configurations to students and view student work in real time.

HP Prime Graphing Calculator

Product Specifications	
Product	HP Prime Graphing Calculator
Part Number	G8X92AA
Processor	400 MHz ARM
Display Description Size Type	3.5 inch (8.9 cm) diagonal full-color, multi-touch display 320 x 240 16-bit color touch screen (10 lines x 33 characters + menus + header) 10 lines x 33 characters + menus + header TFT
Entry System Logic	RPN, algebraic and textbook
Menus and Prompts	Yes
Keyboard	Alphanumeric
Memory Standard Flash	 32 MB 256 MB
Ports	USB
Power Battery Supply Auto Power Off Power off memory protection Charger	 Lithium-ion rechargeable battery Yes 5 minutes Yes USB charger Included
Recommended Uses	Algebra, biology, calculus, chemistry, computer science, engineering, geometry, mathematics, physics, surveying, trigonometry, statistics
Weight	228 g (8.04 oz)
Dimensions (LxWxD)	18.23 x 8.58 x 1.39 cm (7.13 x 3.38 x .550 in)
Warranty	1 year (may vary by region)
What's in the box	Calculator, hard cover, quick start guide, CD (connectivity kit, calculator emulator and quick start guide), USB cable, and USB power supply

HP Prime Graphing Calculator



[1] HP Prime Wireless Kit sold separately. Requires wireless modules connected to calculator and PC USB ports.
